HYDRAFACIAL™

Clinically proven to improve skin's overall appearance, Hydrafacial's cutting-edge and patented Vortex-Fusion Technology cleanses, extracts, and hydrates for instantly visible results. Treatments work synergistically with your clients' other treatments, amplifying their results even further when compared to those treatments alone.

SIGNATURE HYDRAFACIAL **\$200**
Receive the benefits of a deep exfoliation without the aggression by using hydradermabrasion. With the power of the cortex fusion tip, reduce the appearance of fine lines, uneven skin tone, congestion and dehydrated skin. See the benefits of this treatment as your skin is deeply hydrated with active ingredients.

DELUXE HYDRAFACIAL **\$250**
All the benefits of the Signature Hydrafacial with the added enhancement of a booster chosen by your aesthetician based upon your specific needs and use of LED light therapy. This treatment will leave your skin deeply hydrated with the added benefits of the booster.

PLATINUM HYDRAFACIAL **\$325**
Begin the service with the exclusive Hydrafacial technology that effectively cleanses and exfoliates by extracting and hydrating the skin. Next, super serums containing antioxidants, peptides, and hyaluronic acid are applied to soften and soothe. This is a perfect preparation to promote maximum infusion and benefits of the Intracutaneous Oxygen and serums that will reduce the appearance of fine lines and pores while revitalizing and brightening your complexion while being refreshed and hydrated. This service also includes the use of LED light therapy.

HYDROFACIAL™ ADD-ONS

Neck and Décolleté Booster Treatment	\$100
Upper Back	\$100
Hands	\$100
Scalp	\$300

PEELS **\$150**
A chemical peel is a procedure in which a chemical solution is applied to the skin to remove the top layers. The skin that grows back is smoother. With a light or medium peel, you may need to undergo the procedure more than once to get the desired results. Chemical peels are used to treat wrinkles, discolored skin and scars — usually on the face. They can be done alone or combined with other cosmetic procedures. And they can be done at different depths, from light to deep. Deeper chemical peels offer more-dramatic results but also take longer to recover from.

TCA PEEL	MANDELIC AZULEIC PEEL
JESSNER PEEL	PRO VITAMIN A PEEL

MICRO CURRENT FACIAL \$150

A non surgical, non invasive facial that safely and effectively improves the health and appearance of the skin.

MICRO NEEDLING \$375

A minimally invasive procedure that is used to treat skin concerns by stimulating collagen production. This treatment creates micro injuries in the skin. The skin's own healing process after treatment will help reduce the appearance of scars, sun damage, and improves the elasticity. It rejuvenates and plumps the skin with minimal downtime or discomfort.

FACIAL RESTORATIVE THERAPY

This micro-channeling procedure employs the application of exosomes along with growth factor activators which could enhance skin tightening and diminish acne scarring, fine lines, and wrinkles. This method has the potential to increase skin elasticity, collagen production, and hydration in targeted areas of the face, neck, and chest, effectively addressing various dermatological concerns.
Deposit required. \$1150

HAIR RESTORATIVE THERAPY

Using a micro-channeling delivery, which utilizes the interaction with the extracellular matrix-Natrual Biologics could enhance in hair growth and potentially reduce hair loss, decreasing the need for frequent commerical hair applications.
Deposit required. Starts at \$1850
